Dear Mr. Daniels:

We have reviewed the revisions to Rule M of the General Rules and Regulations of the Utah Mined Land Reclamation Act of 1975, and do not foresee any conflicts between these revisions and the material previously submitted under the Notice of Intention to Continue Mining Operations and the Mining and Reclamation Plan for Utah International Inc., Cedar City Operations. These documents were submitted to the Department of Natural Resources, Division of Oil, Gas and Mining in June of 1977.

With reference to your request for information on reclamation costs, estimated cost per acre is approximately \$300 per acre based on present costs.

Please call if you require any additional information or assistance.

Sincerely

D. R. Stansbury
